# Key Capabilities to be confirmed once capability framework is completed

Living our Vision and Values	Keeping Connetics' vision and values at the forefront of decision making, our behaviours and actions.
Customer Focus	Ensuring that Connetics has a strong service orientation; the customer perspective is a driving force behind business decisions and activities; developing and implementing practices that meet customers' and Connetics' needs.
Managing Work	Effectively managing own time and resources to ensure that work is completed efficiently.
Continuous Improvement	Taking action to improve existing conditions and processes; identifying improvement opportunities, generating ideas, and implementing solutions
Delivering Results	Setting high standards of performance for self and others; assuming responsibility and accountability for successfully completing tasks; sets own standards of excellence rather than having standards imposed.
Decision Making	Identifying and understanding issues, problems, and opportunities; using effective approaches for developing solutions; taking appropriate action.
Applied Learning	Learning and applying new job-related information in a timely manner.
